CASES

Confirmed Cases
(current 2 week period)

23,213

Prior 2-week period: 22,489

Cumulative Confirmed Cases: 745,771

TESTS

Tests

(current 2 week period)

1,161,494

Prior 2-week period: 1,075,473

DEATHS

Deaths

(current 2 week period)

150

Cumulative Confirmed &
Probable Deaths: 18,527

Average Daily
Cases per 100,000
(current 2 week period)

23.8

Prior 2-week period: 23.1

Percent Positive
Tests (current 2 week period)

2.24%

Prior 2-week period: 2.35 %

Symbols indicate change when compared to prior two-week period. **For New Cases, Incidence per 100,000, and Total Tests: Higher** (upward arrow) means the number in the current two-week period is higher than the prior period. **Lower** (downward arrow) means the number in the current two-week period is lower than prior two-week period. **No change** (equal sign) means the number in the current two-week period is the same as the prior period. **For Percent Positivity:** less than 0.10% difference in the percent positivity is considered **No change** (equal sign).

Percent Positive COVID-19 Tests in Hampshire County, 2-Week Period

- **Data sources**(<https://www.mass.gov/info-details/covid-19-response-reporting>)
 - **MDPH Weekly COVID-19 Public Health Report.** Current two week data is from most recent Public Health Report. Prior two week data is from prior week's Public Health Report. Please note that there is an overlap in periods as MDPH reports weekly on rolling two week reporting periods, which they use for their comparisons. We report data in this way to be consistent with MDPH reporting.
 - **MDPH COVID-19 Daily Dashboard.** Date corresponding to most recent MDPH Weekly COVID-19 Public Health Report.
- **Deaths include probable and confirmed deaths.**
- **MDPH changed their reporting of county data on 8/12/20.** Previously, county cases were in the Daily COVID-19 Dashboard report and included probable and confirmed cases. Beginning 8/12/20, county data is now reported in the Weekly COVID-19 report and cases only include confirmed cases. Thus, we are not currently able to show new case county-level data and other county-level data over time for periods prior to 8/12/20.
- **MDPH changed their probable case definition on 9/2/20.**
